Manufacturer [Einhell](#)

#### Description

- Member of the Power X-Change family
- Multifunctional – suitable for 36 V devices and 18 V devices
- Reduced product weight by carrying the battery on the body
- Padded hip belt for optimum wearing comfort
- Large buckle for easy opening and closing
- Additional cable hook to practically hang cables For 18 V operation, easy removal of the second battery slot
- Supplied without a battery or charger (sold separately)

#### Article description

The Einhell battery belt GE-PB 36/18 Li reduces the weight of an Einhell cordless device by carrying the battery directly on your body. Robustly designed and equipped with a comfortable, padded hip belt for optimal wearing comfort, the belt makes it easier to work with cordless tools. For example, work with Power X-Change hedge trimmers, pole saws, multi-function devices, leaf blowers and leaf vacuums, trimmers or chainsaws can be completed more power-efficiently and comfortably. The multifunctional member of the Power X Change family is suitable for 36 V and 18 V devices; for purely 18 V operation, the second battery slot can be easily removed. The additional cable hook is suitable for complicated work with little room for manoeuvre: The cables can be easily attached to the practical hook. The large buckle allows easy and quick opening and closing of the belt. The length of the cordless belt can be perfectly adjusted to fit your body up to a maximum of 150 cm using an adjustable hip belt.

#### Technical details

- Quantity of battery holder 2 Pieces
- Length of adapter cable 150 cm
- Length of hip belt 150 cm
